Purpose

The Assurance Framework outlines the status of the key risks to the organisation's strategic objectives.

| Risk Implications for the Trust (including any clinical and financial consequences): | Mitigating Actions (Controls): |
|--|--|
| Failure to ensure the Board reviews its key strategic risks may result in non-achievement of strategic objectives. It may result in lack of confidence in the processes for managing the organisation's key risks and result in low compliance with ALE and NHSLA standards. | Engagement with Board Assurance Framework ensures that risks to the organisations strategic objectives are appropriately reviewed to ensure their effective management to achieve reduction or mitigation. |

Recommendation to the Trust Board:

The Trust Board members are asked to:

- Review and note the contents of the BAF and in particular the controls identified to manage the risks and to note progress in managing the risks and actions going forward.
- Note that high scoring risks have been incorporated into the Board Assurance Framework.
- Note that the Divisional high-level risks will be presented for review at the Integrated Risk and Governance Committee on a rotational basis.
- Note that an earlier iteration of the Board Assurance Framework was reviewed at the recent Audit Committee and at the Integrated Risk and Governance Committee (16th September) and the current Framework reflects amendments required following discussion at these meetings.
