Self Certification Board Statement				
Clinical Quality	Indicate Compliance	Comment on where compliant or at risk of non compliance	Timescale for compliance	
1. The Board is satisfied that, to the best of its knowledge and using its own processes and having had regard to the TDA's oversight model (supported by CQC information, its own information on serious incidents, patterns for complaints, and including any further metrics it chooses to adopt), the Trust has, and will keep in place, effective arrangements for the purposes of monitoring and continually improving the quality of healthcare provided to its patients.	Compliant	Significant work was undertaken to strengthen clinical governance and risk management processes during 2014/15. The Board receives regular surveillance and performance assurance reports, as well as scrutiny by the Patient Safety and Quality and Risk Committee. In April 2015 the CQC undertook a planned inspection of our services. The CQC have signalled a number of areas where we can further strengthen our arrangements and we will be actioning this as a priority in Q1 and Q2.	Compliant	
2. The Board is satisfied that plans in place are sufficient to ensure ongoing compliance with the CQC's registration requirements	Compliant	Governance structure and assurance processes have been developed and embedded into business as usual.	Compliant	
3. The Board is satisfied that processes and procedures are in place to ensure all medical practitioners providing care on behalf of the trust met the relevant registration and revalidation requirements.	Compliant	Processes and procedures are in place to ensure that these requirements are met.	Compliant	
Finance				
4. The Board is satisfied that the Trust shall at all times remain a going concern, as defined by the most up to date accounting standards in force from time to time.	Compliant	The Trust has a 2015/16 financial plan, which has been submitted to the TDA.  The TDA have confirmed that the Trust NHS organisation Accounts are prepared on a Going Concern basis and that cash support is available. Additional confirmation is being sought for quarter 1 of 2016/17.	Compliant	

Governance				
5. The Board will ensure that the trust remains at all times compliant with the NTDA accountability framework and shows regards to the NHS Constitution at all times.	Compliant	Accountability for all aspects of the Trust business remains with the Board, who are held to account and supported by the TDA. The new values of the Trust reflect the intention of the NHS Constitution.		
6. The current key risks to compliance with the NTDA's Accountability Framework have been identified (raised either internally or by external audit and assessment bodies) and addressed – or there are appropriate actions plans in place to address the issues in a timely manner.	Compliant	The Trust is not currently compliant with all national standards – monthly review at board of performance and recovery actions (IPR). Finance Committee remit extended to incorporate performance. The Annual Plan and the Integrated performance Report incorporate the new Trust Development Authority Accountability Framework.	Compliant	
7. The Board has considered all likely future risks to compliance with the NTDA Accountability Framework and has reviewed appropriate evidence regarding the level of severity, likelihood of a breach occurring and the plan for mitigation of these risks to ensure continued compliance	Compliant	Draft BAF assesses key strategic risks. Further work to be undertaken to finalise BAF, ensure all key risks and issues are identified and assurance provided re future management.	Compliant	
8. The necessary planning, performance management and corporate and clinical risk management processes and mitigation place are in place to deliver the annual operating plan, including that all audit committee recommendations accepted by the board are implemented satisfactorily.	Compliant	Board assurance will be obtained as part of the embedding of new governance arrangements detailed above and new planning, performance management and clinical risk management systems in place. The Trust has established a new Integrated Risk and Governance, which will focus on the management of risks within the Trust, including the controls in place and the progress on mitigating actions that the corporate risk register and Board Assurance Framework are maintained and updated appropriately  Further work has been delivered in this area to provide	Compliant
