

New Multi-Storey Car Park

A new car park for Watford General Hospital

Parking at Watford General Hospital is changing from April 2022.

All access to the new car park should be from Thomas Sawyer Way.

The new multi-storey car park offers a modern, high quality car park for patients, visitors and staff.

The car park is connected to the hospital by a pedestrian bridge from level 2. After parking it will no longer be necessary to walk up the steepest part of the hill.

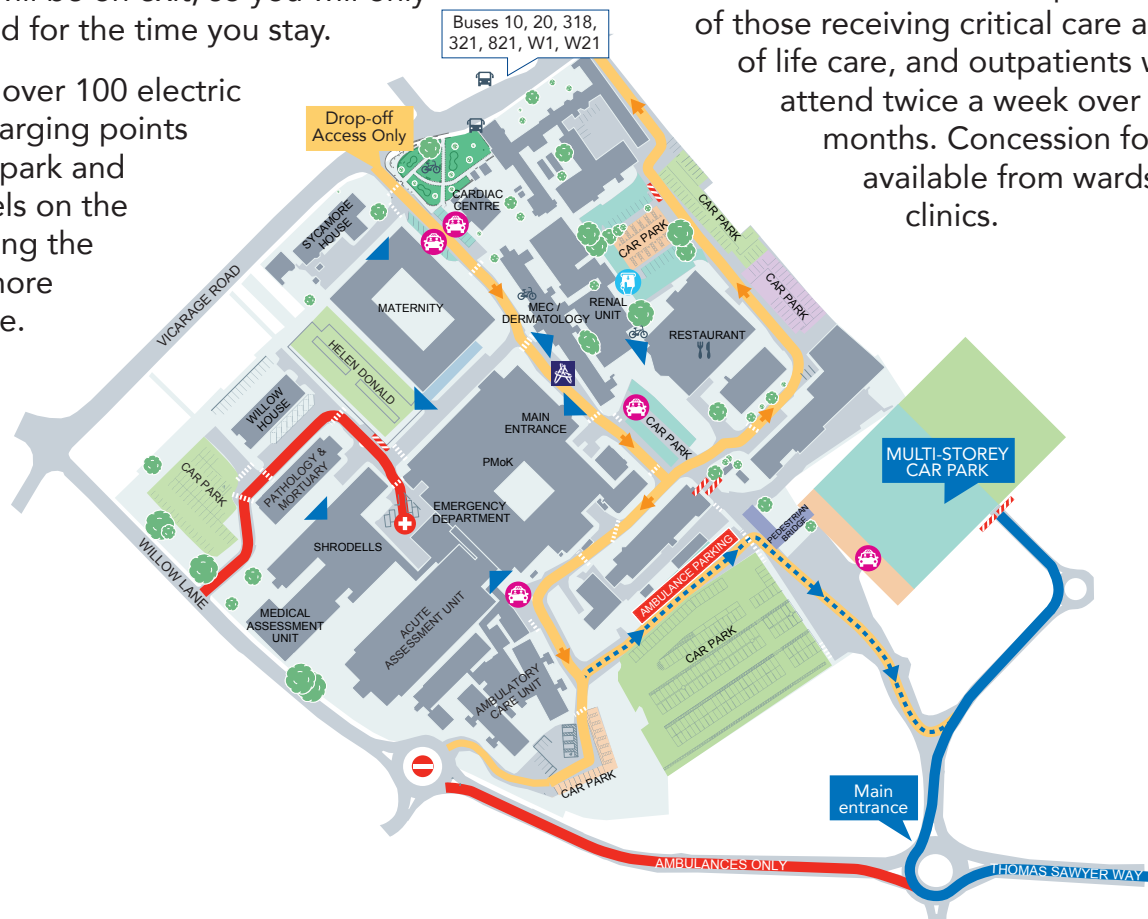

Payment will be on exit, so you will only be charged for the time you stay.

There are over 100 electric vehicle charging points in the car park and solar panels on the roof, making the hospital more sustainable.

Car Park Charges and Information

- There are seven levels of parking connected by three fast lifts
- Drop-off area on the ground floor next to the pedestrian access
- EV charging on all floors
- Free parking for first 30 minutes to enable pick-up and drop-off, with short stay spaces on ground floor
- Payment should be made before leaving, payment machines are on level 0 and 2
- At least 10 disabled spaces on each of floors 0 – 6, located near to the lifts

Parking is free for blue badge holders, next of kin of children who are inpatients and of those receiving critical care and end of life care, and outpatients who attend twice a week over three months. Concession forms are available from wards and clinics.
